MEMORANDUM FOR: Director of Training

SUBJECT : Weekly Activities Report
19 October - 23 October 1970

GENERAL

1. On 22 October, from 0930 to 1300 hours, the Clandestine Services (CS) Reports Seminar was held at 1000 Glebe Road, under the sponsorship of the Operations School. There was a total of 22 senior officers at the Seminar from the FI, CI and CA Staffs, Reports and Requirements Officers of every CS Area Division and the Office of Training. The objective of this Seminar was to discuss ways and means of improving intelligence information reporting and to discuss mutual problems and conditions. The DTR opened and participated in the entire Seminar.

2. This Seminar was a part of the Operations School program for maintaining meaningful and educational relationships with CS Officers who can assist operations training. To our knowledge this was the first time that senior CS Reports Officers were bottled up in one room at the same time to discuss intelligence reporting in general and some specifics of intelligence reporting training. Our feeling is that the Seminar was worthwhile and profitable for all. In some cases Reports Officers got to meet each other for the first time. We anticipate following up on some of the views expressed in this initial effort and hope to conduct a similar Seminar next year.

STAFF TRAINING BRANCH
